witchcraft why is it happening when did it begin how is it influencing today s youth all of these questions are answered through a concise easy to understand writing style especially fascinating are the numerous sources of documentations that shows children are indeed being drawn to the occult via harry potter included are dozens of quotes by wiccans neopagans and occultists that clearly express their belief that rowling s fantasy will do much to further witchcraft and the occult amazon

how is it that j k rowling s apparently simple fantasy school stories have so completely won the hearts and heads of child and adult readers all over the world is it that an exceptional marketing campaign has bamboozled otherwise cool headed and cold hearted critics or is it that our era has a deep seated need for calm and order to help us to cope with new and distant horizons or could it be that children yearn for the magical lives of characters that contrast with their own increasingly constrained and protected existence

edmund m kern argues that the attraction of these stories to children comes not only from the fantastical elements embedded in the plots but also from their underlying moral messages children genuinely desire to follow harry as he confronts a host of challenges in an uncertain world because of his desire to do the right thing harry s coherent yet flexible approach to dealing with evil reflects an updated form of stoicism says kern from publisher description
