this is the ebook of the printed book and may not include any media website access codes or print supplements that may come packaged with the bound book for courses in urban sociology a comprehensive overview of classic and contemporary urban sociology cities and urban life provides an introduction to the study of urban environments around the world using an approach that is multidisciplinary but fundamentally sociological authors john macionis and vincent parrillo help students see how cities have evolved over time how cities reflect culture and where the urban story may take us next the inclusion of the latest data and research references throughout the seventh edition as well as updated case studies on a variety of cities ensures that students come away with an up to date understanding of contemporary urban life

many white people and some conservative black people believe that affirmative action programs are unfairly depriving more deserving whites of jobs and education opportunities the author argues that is a myth for example university admissions data demonstrates that despite affirmative action rhetoric there remains systemic bias against black students sociological data on criminal record race and employment found that white people with a criminal record had a better chance of getting a call back than black people without one renowned professor of social work dr rudolph alexander jr analyses many examples which

demonstrate that the claim that affirmative action programs have led to unfair discrimination against white people of equal ability is a myth though not always comfortable reading the book is an important addition to the literature on equality diversity and critical race theory

for courses on social problems macionis s social problems is the only social problems text that explains how society frames social problems and solutions through politics the text analyzes social issues and policies using the concepts of sociological theory and the everyday language of politics this text helps students understand the attitudes and values that define the political spectrum in the united states once students know how social problems are defined by our society through politics and how the policies to solve these problems are developed students are able to become involved in solving social problems through activism and political involvement

this text explains how society frames social problems and solutions through politics it analyzes social issues and policies using the concepts of sociological theory and the everyday language of politics

a very welcome volume of essays questioning the presumption of irreconcilable conflict between science and religion british journal for the history of science the conflict thesis the idea that an inevitable irreconcilable conflict exists between science and religion has long been part of the popular imagination the warfare between science and religion assembles a group of distinguished historians who explore the origin of the thesis its reception the responses it drew from various faith traditions and its continued prominence in public discourse several essays examine the personal circumstances and theological idiosyncrasies of important intellectuals including john william draper and andrew dickson white who through their polemical writings championed the conflict thesis relentlessly others consider what the thesis meant to different religious communities including evangelicals liberal protestants roman catholics eastern orthodox christians jews and muslims finally essays both historical and sociological explore the place of the conflict thesis in popular culture and intellectual discourse today based on original

research and written in an accessible style the essays in the warfare between science and religion take an interdisciplinary approach to question the historical relationship between science and religion and bring much needed perspective to an often bitter controversy contributors include thomas h aehtner ronald a binzley john hedley brooke elaine howard ecklund noah efron john h evans maurice a finocchiaro frederick gregory bradley j gundlach monte harrell hampton jeff hardin peter harrison bernard lightman david n livingstone david mislin efthymios nicolaidis mark a noll ronald l numbers lawrence m principe jon h roberts christopher p scheitle m alper yalçinkaya

rather than simply presenting social problems as a series of facts revel for social problems sixth edition focuses on how people construct problems and how they develop potential solutions based on their political attitudes analyzing issues from various points of view author john macionis explains why people disagree about what the problems are and how one person s problem may well be another s solution once students understand how social problems are defined politically they will have the knowledge they need to engage in solving social problems through activism and political discussion revel tm is pearson s newest way of delivering our respected content fully digital and highly engaging revel offers an immersive learning experience designed for the way today s students read think and learn enlivening course content with media interactives and assessments revel empowers educators to increase engagement with the course and to better connect with students note revel is a fully digital delivery of pearson content this isbn is for the standalone revel access card in addition to this access card you will need a course invite link provided by your instructor to register for and use revel
