reap the benefits of the home workplace revolution with this practical resource that guides managers and employees through working from home either full or part time if you are charged with establishing or executing a home work policy in your business t

the recent covid 19 induced slamming of millions of information workers into the home workplace has made clear that the planning and management foundations for such a mass migration are anything but solid now the it industry is scrambling to offer products which do not treat the remote worker as a third class citizen however there is another problem

namely the lack of a coherent theory and documented practice about what wide scale workplace decentralization will really do for the individual the organization the local community and ultimately the planet indeed the home workplace can and ultimately will serve as the gateway to a whole new focus on the triplex of environmental energy and economic issues it may even become the portal to a more peaceful and stable world this book is not a research work but rather an opinion piece based on personal experience working as an it program manager executive and consultant in various large enterprises while working from home for a significant percentage of the time among other things it reflects a very strong belief that home workplace technology architects were altogether too quick to abandon the public switched telephone network pstn as a core component of that architecture the book will equip the reader with a balance of strategic and tactical perspectives and tools which should assist in designing prototyping and rolling out a home workplace environment which is best suited to the needs of their organization and which will also contribute to the building of a worldwide electronic commonwealth

a guide to building effective work patterns to boost work from home productivity while maintaining work life balance

whether you are working from home on a flexible basis a full time deployment or are working independently as a home based business owner or sales consultant how to work from home better will help you to establish improved performance levels in all areas from common sense to fresh perspectives this easy to read book includes help with practical work methodology time management evolving your communication skills for a virtual environment realising the opportunity for an improved work life balance and establishing new behaviour that will produce lasting results

essay from the year 2014 in the subject leadership and human resources miscellaneous grade 10 university of applied sciences dresden language english abstract is part time work the key to happier families empirical findings on job satisfaction and personal happiness of part time workers over the last decades there has been a large increase of women in jobs and hence an increase in dual earner households consequently a significantly higher amount of stress and pressure on men and women has been observed as it is difficult to combine the duties at work and at home which can reduce the overall quality of life and threat the work life balance for many people part time work can be a solution to this problem especially in industrial nations by definition an employee works part time if he regularly works fewer hours than a comparable full time employee the number of hours varies from state to state and institution to institution however there has been an increase in part time work also in traditionally full time professions in europe about 32 of all women and 8 of men work part time though this rate is lowest in eastern countries and highest in northern and western countries in the usa about 23 of employees work part time but does part time employment really increase the personal and work satisfaction why is the satisfaction higher or lower and what are benefits and disadvantages of part time work moreover what determines the satisfaction in part time arrangements apart from influences of work and personal life

office is any place of work designated by the employer for the purpose of executing any work usually white collar jobs working in office carries formal practices such as working in specific group in specific location for long as such it has its own disadvantages of rigidity formality mounting boredom and stressful competition the physical structure of the workplace has great influence on the employee s thinking spending a large part of the time sharing cooperating and collaborating creates cordial social relationships which often goes beyond the confines of the work and develop trust and mutual help discipline punctuality hierarchy loyalty transparency etc are all wishful products of this influence the psychological implications of peer support are enormous in the life of an employee contrary to this is the concept working from home which is designed to consider work not as a burden but a responsibility to be carried out at one s own pace with the growth of computers and information technology networking from home indicates a sound proposition where the employee can finish their work in their own premises with less supervision and stressful surroundings without compromising output and efficiency the rigors of a work place are far less felt if the office transform into a home of work or still further working from home in the context of increased women in present day work force this model affords flexibility in timings adjustment with pressures of work better coordination with domestic chores performance of gender roles and responsibilities and compliance to gender demands such as pregnancy maternity and happy family without compromising the output and efficiency with this changed outlook towards office it could be envisaged that the next century women would be working from home and the sectors which demand them out would shrink and ultimately would be the domain of men
